

Bon-Clyde's Schedule through 2024

My goal 40 years ago, when I started Bon Clyde, was to offer a first-class dog training school for everyone. This dream has been totally successful, and I am so proud of all the thousands of students who have been a part of my programs.

Also I want to thank the many instructors who have taught and enjoyed classes.

I had planned on retiring in a few years, but an opportunity presented itself to me and I realized it needed serious consideration.

A young Entrepreneur, who had started a business, contacted me several months ago. His goals and vision reminded me of myself when I started Bon- Clyde. He is ready to expand his business and needed a larger facility. We are still working out the details which should be completed by December.

My plans currently are:

1. Offer Oct/Nov six week classes. These will begin week of October 7 and end week of Nov. 11.
2. Bon -Clyde is hosting a CPE Agility trial on Sept 20, 21 and 22
3. On October 19 and 20 we will host IABCA conformation show This is the "International All-Breed canine Association show. "This is a very prestigious conformation show and will draw people from all over. The Agility arena will be used for the Best in Show.
4. Private lessons and ring rentals will continue until building is closed.

I am only selling the building which houses Bon Clyde. The business name, "Bon Clyde Learning Center" will remain with me. I plan on taking a break over the holidays and have several teaching options to explore first of the year.

Thanks for all your support,

Bonnie
